ABK

EMOZIONI IN SUPERFICIE

Evolversi e reinventarsi seguendo l'evoluzione del gusto e del mercato, questa è la filosofia che a partire dal 1992 contraddistingue il marchio ABK, la stessa filosofia che ha permesso di sviluppare soluzioni originali pensate per vestire con eleganza e personalità tutti gli spazi del vivere contemporaneo. I costanti investimenti in ricerca e sviluppo hanno permesso all'Azienda di crescere coniugando design e innovazione, distinguendosi fra i principali competitor nel panorama mondiale della produzione ceramica.

Evolving in step with changes in consumer tastes and market demands is the philosophy that has guided the ABK brand since 1992. It is a philosophy that has led to the development of original solutions capable of lending elegance and personality to all contemporary living spaces. ABK has grown steadily thanks to its continuous investments in R&D, its unique combination of design and innovation setting it apart from its main global competitors in the ceramic tile sector.

WIDE
SUPERSIZE SLABS

Il programma di grandi lastre WIDE, prodotte con tecnologia CONTINUA+ in soli 7 mm di spessore supera i confini del gres porcellanato tradizionale offrendo a professionisti e designer un vero e proprio caleidoscopio di sensazioni materiche, per rispondere alle esigenze specifiche dei vari ambienti. La formulazione degli impasti, unita alla compattezza a secco e alla cottura in forni di ultima generazione, produce un gres porcellanato maggiormente elastico, facile da tagliare e lavorare e dall'anima eco-sostenibile, grazie alla presenza di un 40% minimo di materie prime di qualità recuperate da altri processi produttivi.

The collection of WIDE large-size slabs produced using CONTINUA+ technology in a thickness of just 7 mm pushes back the boundaries of conventional porcelain tiles and offers professionals and designers a wide range of material effects catering for the specific needs of different spaces. The use of a unique body formulation together with the dry compaction process and firing in latest-generation kilns ensures that the porcelain slabs are more flexible and easy to cut and handle. At the same time they are highly eco-sustainable due to their minimum 40% content of high-quality raw materials recycled from other production processes.

bath design

Bath Design è la collezione di elementi d'arredo e accessori "handmade" in Italy studiata per un bagno dal total-look ABK.

La vasta gamma di lastre WIDE offre la possibilità di creare ambienti personalizzati, con soluzioni coordinate a pareti e pavimenti oppure con piacevoli contrasti materici e abbinamenti ricercati, studiati secondo la filosofia del mix&match.

Ogni elemento, realizzato in maniera sartoriale e curato nei minimi dettagli, valorizza la bellezza e la qualità delle superfici ABK, oltre ad offrire l'esclusivo servizio "on demand", per adattarsi perfettamente alle dimensioni del proprio bagno.

Bath Design is the collection of furniture items and accessories "handmade" in Italy designed for an ABK total-look bathroom.

A whole range of WIDE slabs offers the opportunity to create customized spaces, with coordinated solutions for walls and floors or with pleasant contrasts of looks and refined pairings, studied according to the mix&match philosophy.

Each item, carefully tailored and taken care of in the smallest details, enhances the beauty and the quality of ABK's surfaces, besides offering the exclusive "on-demand" service, to adjust perfectly to the size of your own bathroom.

Informazioni tecniche / Technical informations

SUPERFICI

Per il rivestimento degli arredi, è necessario indicare la superficie in gres porcellanato desiderata, selezionandola tra le tante varianti contenute nella tabella riepilogativa all'interno del listino prezzi BATH DESIGN.

SURFACES

For the coverings of the furniture items, it's required to specify the desired surface, selecting it from the many available in the recapped table included in the BATH DESIGN price list.

TOLLERANZA

Per tutti gli articoli BATH DESIGN è necessario considerare una tolleranza dimensionale che può variare dai 2 ai 3 mm.

TOLLERANZA

For all BATH DESIGN items consider a tolerance of $\pm 2-3$ mm with respect to the sizes indicated.

Informazioni tecniche / Technical informations

Gli arredi BATH DESIGN di ABK sono realizzati con un processo di lavorazione artigianale che ne garantisce la qualità e la cura del dettaglio.

Per l'assemblaggio delle varie parti che li compongono vengono utilizzati collante C2/TE e resine poliuretaniche.

La struttura interna è realizzata con **Schlüter®-KERDI-BOARD**, un pannello costituito da una schiuma in polistirene estruso, coperta in entrambi i lati da uno strato indurente e da un tessuto non tessuto che permette un perfetto ancoraggio del collante.

Questo pannello multifunzionale per interni, è adatto anche come sottofondo di posa per rivestimenti ceramici con funzione impermeabilizzante e come materiale per realizzare pareti portanti per differenti soluzioni applicative.

CERTIFICAZIONI

Schlüter®-KERDI-BOARD ha ottenuto dagli enti competenti la certificazione richiesta in Germania per alcune applicazioni specifiche con relativa "abP" e marcatura "U".

E' inoltre un sistema certificato ETA (European Technical Assessment) ai sensi della ETAG 022, classe A e C (impermeabilizzazione accoppiata a ceramica), e viene contrassegnato con il marchio CE.

The ABK's BATH DESIGN furniture items are achieved with a craftsmanship process that guarantees its quality and its attention to detail.

Adhesive C2/TE and polyurethane resins are used for the assembly of the many parts that compose it.

The internal structure is designed with **Schlüter®-KERDI-BOARD**, it consists of an extruded hard foam panel, with a special reinforcement material on both sides and fleece webbing for effective anchoring in the tile adhesive. This multifunctional tile substrate for wall areas, can be used for creating bonded waterproofing assemblies with tile coverings. Additionally, the product has many uses as a structural panel.

CERTIFICAZIONI

Schlüter®-KERDI-BOARD holds national technical approval (abP) required in Germany. Moisture exposure class according to abP: 0 - B0 as well as A and C.

It, also, has the required European Technical Assessment (ETA) as specified in ETAG 022 (bonded waterproofing assemblies) and bears CE marking.

Informazioni sul livello di composti organici volatili in ambienti chiusi presentano rischio di inalazione da A+ (emissioni molto basse) a C (emissioni elevate).

Ogni arredo BATH DESIGN è garantito dal logo ABK realizzato in micro sabbiatura sulla superficie ceramica.

Each BATH DESIGN furniture item is guaranteed by the ABK logo made via micro sandblasting the ceramic surface.
